SERVICE BULLETIN #20

SUBJECT: Mass Balance System

TO: All Kitfox Owners - MANDATORY

FROM: SkyStar Aircraft Corporation

It has been brought to our attention that there are some builders/owners who have not installed a Mass Balance Systems on their flaperons. Because this is a safety issue we must require all owners to install the Counter Weight System on their Kitfox.

Those earlier model Kitfox owners who do not have the Mass Balance System may purchase the kit from SkyStar Aircraft Corporation.

A Mass Balance Retro-fit kit is available for all Kitfox models. At a cost of \$90.00. Part Number 29011. Specify Model Aircraft and Serial Number. (This is the same price as offered in the Sept. 1989 Owners Newsletter.)
